

Statement of Purpose

January 2017

Jasmine House is a care home service without nursing (CHS) and is situated at 30 Higher Lane, Fazakerley, Liverpool, 0151 525 0876, danielle@jadhealthcare.com. This is the address at which the services, provided for the purpose of the regulated activities are carried out and is the first home of J.A.D Healthcare limited, an organisation which was established in 2007.

Angela Jackson is the homes Registered Manager. (36 Stanley Road, Maghull, Liverpool L31 5JL). Her qualifications include NVQ level's 2, 3 and 4 in Health and Social Care, NVQ Registered Managers award and is enrolled on Level 7 NVQ Diploma in Management. She has sixteen years experience in the care sector, and is supported by two Deputy Managers. Danielle Manley is one of the homes Deputy Managers and also the organisations Registered Individual (12 Beech Close, Kirkby, Liverpool L32 0SJ). Her qualifications include an NVQ level 3 and 4 in Health and Social Care, NVQ Registered Managers award and is enrolled on Level 7 NVQ Diploma in Management and she has over fourteen years experience in the care sector. Claire Wright is the homes second Deputy Manager (88 Manica Crescent, Fazakerley, Liverpool L10 9NA) Her qualifications include NVQ level 2 and 3 in Health and Social Care, Team Leader NVQ and HABC Level 5 Diploma in Leadership for Health and Social Care (QCF Adult Management) and she has over seven years experience in the care sector.

Three senior support workers and seven support staff offer further support, all of whom have previous experience in the care sector. All staff complete a full company induction and are encouraged to attain NVQ training, with 100% of the staff team already qualified to NVQ 2 or above or are enrolled on their NVQ 2 or NVQ 3. In line with regulations that were introduced in 2015, new staff are automatically enrolled onto the Care Certificate. The staff team also participates in mandatory training and other subjects linked to the needs of the Service Users and the aims and objectives of the home. Staffing levels are appropriate to Service User needs, and at all times we endeavour to ensure that there are at least six staff members on duty during the day and two waking staff members during the night, with a member of the management team on call 24 hours a day.

Jasmine House is a Care Home for seven adults of mixed gender, with Learning/Physical Disabilities and/or challenging behaviour. Being a residential Care home, any nursing needs will be provided by outside agencies, e.g. District nurses, General Practitioner's etc. A full and comprehensive assessment is carried out on each Service User before residency is offered to ensure all needs are met. In the rare occasion of an emergency admission, an assessment will be completed within 48 hours, of the person being admitted. Qualified staff, usually the manager and deputy manager complete all assessments. All policies and procedures, guidelines, staff training, records and NMDS are updated when required and are in line with CQC guidance.

All Service Users have a comprehensive care plan, which has been devised with the Service User or where appropriate the Service User's representative. These care plans are constantly monitored and reviewed, with changes being implemented, after notifying the Service User and all other necessary individuals.

Jasmine House has seven large bedrooms, three of which have en-suite facilities. All seven bedrooms are single occupancy. All rooms exceed twelve squared metres of usable floor space. There are two main bathrooms and the Home is fully wheelchair accessible. All Service Users are actively involved in choosing the lay out and décor of their bedroom, enabling them to express their individuality.

All Service Users are treated as individuals, with individual needs, and needing individual care with regards to race and cultural background. Religious beliefs are respected, and arrangements are made for Service Users to attend religious services of their choice. Our aim is to promote independence

and to ensure that privacy and dignity are maintained. We strive to provide an open, positive and inclusive atmosphere where staff are aware of and understand the need for a Service User to be treated as an individual and with respect.

Many social activities are organised at Jasmine House including trips to the cinema, local drama groups, public houses and day trips. At Jasmine House we try to accommodate each Service Users interests and hobbies. We also run in-house activities including arts and craft, cookery and karaoke and have an onsite activity centre which house the Service User's "HUB". Enrolment in local colleges, day centres and distant learning courses are offered and organised in conjunction with the Service User's needs. Workplacements can be organised and implemented on the Service Users request.

Each Service User is encouraged to play an active part in the running of Jasmine House, and we hold quarterly Service User meetings, where views and opinions can be raised. In addition to these meetings we also hold regular relative person meetings, which gives parents, social workers etc, an opportunity to raise any opinions they may have. We also wish to make all aware of our homes complaints procedure, which states that all complaints made will be fully investigated and acted upon within 28 days, with all necessary persons being informed of the outcome, in accordance with our complaints procedure displayed within the home, and distributed to all necessary parties.

After consulting with the local fire authority regarding fire precautions, an L2 loop system has been installed within the home, along with all other mandatory equipment, including: fire doors, fire extinguishers and fire blankets, a fire log book and a fire risk assessment. All staff are trained for the event of a fire and associated emergency procedures. Weekly fire drills are carried out to ensure Service Users are aware of what to do in the event of a fire.

Jasmine House operates an open door policy, with staff supporting Service Users to maintain family links and friendships inside and outside the home. Family and friends are welcomed, and their involvement in daily routines and activities is encouraged, with the Service User's agreement.

Jasmine House will ensure the safe guard of all Service Users personal information, personal monies and medication all in line with CQC guidance.

The philosophy of Jasmine House, is to provide residential care in a homely environment treating each Service User holistically, meeting their needs while protecting their privacy, rights, and dignity, empowering the Service User with independence and freedom of choice.
